

Thank You Guitar solo by Jimmy Page

Led Zeppelin

This is my own transcription, provided exclusively for purposes of scholarship. Indicated rhythms may be approximate. I may slightly simplify certain phrases when a "musical" change accommodates playability. When a phrase may be played in various positions on the guitar, my recommendation is transcribed regardless of where on the instrument it may have been originally played. Students should refer to the original recordings. The transcription is merely intended to be a guide for use in conjunction with the original recording. ~C.C.
